Below is a list of times that each routine is scheduled to perform, routine number, and time that each team must meet. It is important to be on time! Remember competitions can run up to an hour early or late. Please give yourself time to park and find the dressing room. Dancers need to be completely ready with their costume on and your hair and make-up already done by the meeting time. You can arrive earlier if you need more time in the dressing room to get ready. Please remember to pack your dance bag the night before, check it again before leaving your house and then again after your last dance before leaving the dressing room.

Coaches are not responsible for dancers between routines and their next meeting time, but we do appreciate and encourage all dancers to come early and stay late to cheer for their fellow crewmates on all of our teams as much as possible.
